## REBELLION IN CHINA IS NEARING END

Believed that New Premier of Celestial Empire Will Succeed in Meeting the Demands of the Revolutionists—Cessation of Hostilities

Peking, Nov. 2.—The appointment of Yuan Shi Kai today as premier of China will be followed by a cessation of hostilities on the part of the revolutionists and the opening of negotiations with General Li Yuan, Hong, leader of the revolutionists at Hsiao-kuo.

An Imperial edict providing for important administrative changes also accepts the resignations of the ministers, but until Yuan Shi Kai returns to Peking, Prince Ching will continue to perform the duties of premier and the cabinet cannot still function in effect. All the ministers attend a special session of the National Assembly, which is under the practical command of the demands of the disaffected Lanchow troops. A member of the war board was appointed to confer with the troops and express the assembly's views.

The assembly discussed the recent loan for which arrangements had been made with a Belgian and French syndicate. The ministers explained that the loan was needed for the purpose of carrying on field operations. The assembly thought there was a good prospect for termination of hostilities, in which case the loan would not be required.

## TURKEY AND ITALY TO CONTINUE WAR

Former Country, Evidently Satisfied with Her Victories Around Tripoli, Decide That They Will Not Accept Peace Offers—Believe They Will Take City

Constantinople, Nov. 2.—The government today notified the foreign ambassadors that all purports looking to mediation between Turkey and Italy had been broken off.

Two batteries of field artillery started for the Italian frontier. The district of Tripoli is now completely fortified. Strangers are excluded. Italian and British newspapers today are filled with reports of a big defeat of the Italian troops in Tripoli. These reports have been put forward as a dispatch from Constantinople which stated that the Italians had met with a great disaster, 7,000 men being killed and 5,000 prisoners taken.

Official telegrams from an authoritative Italian source received in London.

### Circulation Statement

I, J. R. Snyder, circulation manager, of the Edmonton Daily Capital, of the city of Edmonton, of the province of Alberta, being duly sworn, do declare as follows:

The circulation of the Edmonton Daily Capital for the month of October was 114,837, being the average of 5,359 copies for every publishing day of the month.

Average daily circulation . . . . . 5456

As further details in these figures exclude all returns, outside and waste copies.

The circulation books and records are open for inspection by advertisers any time during hours for the purpose of ascertaining the correctness of the figures stated on the circulation statement.

Witness my hand and the undersigned circulation manager, in and for the province of Alberta, this second day of November, 1911.

J. R. SNYDER, Circulation Manager.

## KAISER BLENDED IN TURKISH AFFAIR IN SUPREME COURT

POINTS TO ISLAM AS MENACE TO GERMAN IN AFRICA—EFFECT BAD FOR DIPLOMATS

(Western Associated Press.) Berlin, Nov. 2.—The Kaiser has again revealed himself. Justly entitled with Bishop Minch, head of the German Catholic missions in East Africa, the Kaiser said the increased spread of Islam's religion was endangering the German colonies and that energetic missionary work must be done to counteract the evil.

Wilhelm's condemnation of Islamism was uttered in the leading Catholic newspapers and has drawn severe censure from other papers, which declare that it was a shortsighted judgment likely to undo of one stroke all the labors of the German diplomats in recent years trying to gain the confidence of the Ottoman empire, which work some time ago caused the Kaiser to be called as "the protector of Islam."

The headline in condensed to particularly pertinent. It was said that between Italy and Turkey. Popular sympathy in Germany is strongly on the side of Turkey. It is not surprising, therefore, that a semi-official dispatch was issued assuring that the Kaiser was likely to endanger the German colonies but that when the seal of the Kaiser was put on the dispatch, the Emperor expressed his conviction that the German mission was not to fail to carry out their work with equity and energy and in accordance with the missionaries of Islam.

## ITALIANS DEMAND TURKS SURRENDER

UNLESS OTTOMAN LAYS DOWN THE GUN, ITALY WILL BEGIN HOSTILITIES IN MEDITERRANEAN ISLES

(Western Associated Press.) Genoa, Nov. 2.—With a view to bringing the war with Turkey to a speedy end, the Italian cabinet decided that the Porte must accept peace immediately or face hostilities. This means that Italy's Turkish valuable island possessions in the Mediterranean will be seized unless she submits. This decision was reached at a series of secret conferences on Monday between Rear Admiral d'Audrey and members of the cabinet. The Italian government has been making a series of secret conferences on Monday between Rear Admiral d'Audrey and members of the cabinet. The Italian government has been making a series of secret conferences on Monday between Rear Admiral d'Audrey and members of the cabinet.

## CANADIAN MASTERS CASHIER DISAPPEARS

(Western Associated Press.) Brandon, Man., Nov. 2.—A considerable speculation and not un-mixed uneasiness at the continued disappearance of a cashier, who had been in the employ of the C.N.R. and who was engaged in the local depot, has been caused by the disappearance of Countess of Coult's substantial amount of money, over \$1,000, which she had deposited in the railway officials are reluctant to confirm or deny the latter statement.

## FIRMS CAPITALIZED AT OVER \$63,000,000

Secured Incorporation Papers From Province During the First Ten Months of the Year.

During the ten months of 1911 which came to a close on October 31, the province of Alberta had incorporated 63,000,000, have been incorporated in the province of Alberta under the provisions of the provincial company ordinance. For the five preceding years since the inception of the province, the total number of companies incorporated in the province of Alberta has been 63,000,000.

## FREE RAILWAY SYSTEM DOUBLED ITS RECEIPTS DURING FISCAL YEAR

PAVEMENT BEING IMPROPERLY LAID

ACTING MAYOR DELMAY AVERS THAT FROZEN EARTH HAS BEEN USED IN SOME CASES

That some of the street paving work is not being properly done, that frozen earth is being used as a first layer or foundation for the pavement in some instances, particularly on Elbow street, was stated by Acting Mayor Thomas Delmay in his first commissioners' meeting this morning. Mr. Delmay, who presided, stated that the new street paving work is not being properly done, that frozen earth is being used as a first layer or foundation for the pavement in some instances, particularly on Elbow street, was stated by Acting Mayor Thomas Delmay in his first commissioners' meeting this morning.

The commissioners' meeting was held this morning promptly at 10 o'clock and the business was transacted without any delay. The budget was not before the commissioners. Mr. Delmay asked for and referred to the proper individuals. E. S. Watt, crossing the new steam turbine at the power plant had a communication before the commissioners to the effect that the work of installation was retarded by a lack of steam pipe fittings. The communication was referred to the board of public works.

Mr. Delmay's report was read and approved. A letter from the Canadian Imperial Bank of Commerce was read and approved. A letter from the Canadian Imperial Bank of Commerce was read and approved. A letter from the Canadian Imperial Bank of Commerce was read and approved.

# McCAULEY STREET SCHOOL WILL BE COMPLETED BY FIRST OF THE YEAR

Interior Work Is Now Being Rushed to Completion—Will Relieve Congestion in East End—Will Cost Approximately \$110,000

By calling it a building combining beauty of design with adaptability, it is possibly the most comprehensive way of describing the new public school, erected during the past summer on a school site between McCauley and Heinmick streets, east of Kinistino avenue.

The new school will take care of the children of school age in the thickly populated section between the Norwood school and the Alexander Taylor school, who are now attending the temporary schools on Symonds Avenue and crowding into the big schools at the north and south of the district. The new building also will provide accommodation for students in the district now served by the Queen's avenue school.

The work adaptability is appropriate to describe the new building because it has been designed with a view of enlargement at the least possible cost when the number of scholars in the district becomes too large to be accommodated in the twelve rooms, that will be finished this fall.

Until more class accommodation is required there will be only the assembly hall on the third floor of the building, and six class rooms on each of the lower floor with domestic science and manual training departments in the basement. When this becomes insufficient, it will be possible to build four more rooms on the third story, using the present flat roof as the floor. Two rooms will be placed on each side of the assembly hall making the building a full three stories in height.

From what every one who sees the building, the exterior presents a pleasing appearance. The architecture is an adaptation of the Tudor Gothic style. The half-timbered bay windows and half-timbered walls are in evidence. The trimmings are of half-timbered stone while the walls are of red pressed brick on a massive stone construction. Grouping of the windows on all sides of the building, gives it the appearance of a real school. In all the class rooms the stone masonry has been grouped in four. Stone masonry and transoms have been used with splendid artistic effect.

**Fronts on Heinmick.**

The school fronts south on Heinmick street, the two main entrances being on the south side. A fourteen-foot corridor runs the full length of the building from east to west, opening to which one may enter by doorways in the ends of the building, as well as the main entrances. There are no entrances to the building from the north side. In addition to the six class rooms the principal's office is situated on the ground floor of the building, just outside the boy's entrance. Each class room is 24 feet by 32 feet, and will furnish accommodation for 50 pupils. Thus with the twelve class rooms employed, the school will provide for six hundred pupils. Cloak rooms have been provided for each of the class rooms, having a door entering from the corridor and two doors leading into the class room. Ample light is provided by the grouped windows. Their upper sections will be fitted with prism glass, which serves to disperse the light proportionately throughout the entire room, thus assuring a good light for the pupils at the desk in the furthest corner. The blackboards will be of natural slate.

**Six Class Rooms.**

In addition to the six class rooms on the second floor there is a spacious library 14 by 23 feet in the two teacher's retiring rooms each of which is provided with a private toilet room. The assembly hall on the third floor is 32 feet by 65 feet in size, having a 14 foot ceiling. By the use of steel girders to support the roof the entire auditorium has been left without pillars or obstructions of any kind. It will be well lighted with electric light and windows on the north and south sides. A movable stage will be installed and the hall will be used for school concerts and entertainments as well as for gymnastic exercises. Aute rooms are being provided for the use of all gymnastic equipment and the uniforms and equipment of the cadet corps, at either end of the assembly hall.

Particular attention has been paid to the matter of protecting the entrance and stairways from fire, the building being in case of fire. The stairways leading to the second and third stories are incase enclosed with fire resisting screens. The stairways themselves are being constructed of metal. They are manufactured by the Canadian Ornamental Iron company of Toronto and are entirely fire proof. The floors of the main corridor and the class room that is directly over the heating plant in the basement are of the same material and is an additional precaution. The actual exterior fire escapes have been provided.

**Steam Heating Plant.**

A low pressure system of steam heating is being installed in the building by J. A. Lockyer and company, who secured the contract for approximately \$10,000. The two large tubular boilers which are being placed in the basement will furnish sufficient heat for sixteen rooms so that when the building eventually is enlarged it will not be necessary to make any additions to the heating equipment.

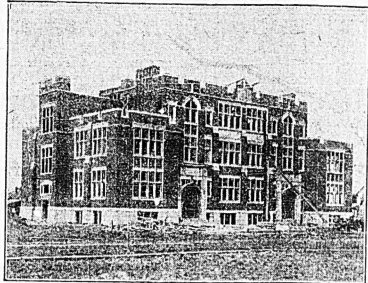

The basement also contains accommodation for manual training and domestic science rooms, boys and girls play rooms and boys and girls toilet in addition to the heating and ventilation plant.

Twenty work tables will be provided in the domestic science room and each of these will be supplied with a full set of appliances for experimental cooking. Electric cookers will be used until commercial gas becomes available in the city. Twenty work benches also will be installed in the manual training room and they will be equipped with all the necessary tools.

Plans for the building were prepared by the public school building commissioner, Geo. E. Turner. They are highly satisfactory to the members of the school board is demonstrated by the fact that next year two buildings of similar design of equal cost will be erected in the city to provide for the growth of Edmonton's school population. One of these will be placed on Churchill avenue west of the new high school and the other, for which the work of excavation already has commenced, will be built in Parkdale.

When completed the building will have cost \$110,000. Work is now progressing rapidly on the interior, all the brick work having been completed some time ago. It is expected that it will be ready for occupation by the first of 1912 when a redistribution of the school districts in the east end will take place.

## McCAULEY STREET SCHOOL

Now being erected at the corner of McCauley and Heinmick streets. When completed, ready for occupancy, the school will have cost approximately \$110,000.

## News From the Theatres

NORDICA AT EMPIRE. LECTURE AT THE Y.V.C.A.

Only once during the course of her concert at the Empire last night, did Madame Nordica give any indication of her marvelous vocal talents, and that was in her dramatic rendering of Schubert's "Erlking," toward the end of a very mediocre programme. Before Madame Nordica was in her voice or has lost much of her far famed vocal ability, for her old admirers scarce realized, the once majestic queen of song in her performance last night. That Nordica knows how to sing, no one could doubt, her phrasing and intonation and her dramatic power, which she cared to display it, were all that could be desired, but her transitions from one register to the other were apparent and the break in her voice in the high register is more noticeable, despite her obvious preparations to conceal it. The wonderful sweetness and purity of her tones in lower and middle register was as of old, but her singing lacked enthusiasm and she made practically no effort to please. The aria from "Madame Butterfly," was probably her best song of the evening, and she sang it intelligently and with the proper dramatic quality, but most of the rest of her programme was uninteresting to say the least.

Mr. Myron W. Whitney, who accompanied Madame Nordica, is a very good singer, but scarcely in the grand opera class, at grand opera prices.

Mr. Simmon was a perfect accompanist, but as a soloist, possessed nothing but finished technique.

Tonight patrons of the Empire will see Lawrence Porey, in the "Earl of Pawtucket," a play in which he has made himself famous on two continents. If Mr. Porey is accompanied by anything like a competent company, Edmonton theatre goers are assured of one of the most enjoyable evenings of entertainment they have had for a long time.

**"THE EARL OF PAWTUCKET."**

The attraction at the Empire theatre tonight will be Lawrence Porey, in "The Earl of Pawtucket," the comedy of laughable complications by Augustus Thomas. The demand for a revival of this comedy, which keeps its audiences in a continuous peal of laughter, cannot John Ford to revive it this season with Mr. Porey in the original role of Lord Cardington.

**LATEST ELECTION RETURNS.**

(Western Associated Press.)

Galaxy, Nov. 2.—The latest returns give Nevada's majority as 1120. In title, Utah's majority is 250 with ten polls to come. In Louisiana, Stearns's majority is 182. In Pinckney Creek, Kennist's majority is about 140. Complete figures not yet available.

The Earl of Pawtucket Tonight.

### EDUCATORS MEET IN ALABAMA.

Tuscaloosa, Ala., Nov. 2.—The seventeenth annual meeting of the Association of College and Preparatory schools of the south opened at the University of Alabama this afternoon for a two days' session. Many delegates were present, representing the foremost educational institutions of Virginia, North and South Carolina, West Virginia, Georgia, Florida, Alabama, Mississippi, Louisiana, Tennessee, Missouri, Arkansas and Texas.

The raising of the standard of college entrance requirements in the South is foremost among the subjects slated for consideration. The work of the Southern women's colleges is another matter that will receive much attention. Dean C. H. Barwell of the University of Alabama is the presiding officer of the convention.

### TEACHERS MEET IN DETROIT.

Detroit, Mich., Nov. 2.—Detroit was the meeting place for the public school teachers of Michigan. More than 6,000 teachers, coming from every county of the state, are attending every branch of educational work from the rural school to the university, and are expected to take part in the annual convention of their State association. The first of the general sessions was held this afternoon and was presided over by the presidential address of Prof. Elmer A. Lyman, of the Michigan State Normal college, and an address by Prof. Henry Suzzallo, of the Teachers' College of Columbia University. The sessions will continue over tomorrow and will be brought to a close tomorrow evening with an address by Governor Osborn of Michigan. In addition to the general sessions the programme provides for numerous departmental conferences.

### MANUEL TRAINING EXPERTS MEET.

Chicoutimi, Q., Nov. 2.—Teachers and advocates of "Manual Training in the public schools and colleges of the country," gathered here in force today at the opening of the fifth annual convention of the National Society for the promotion of Industrial Training. The sessions will last three days and will be devoted to the consideration of the subject of Industrial education in all its phases. Prominent among those on the programme are Dr. Garret C. Pearce of Milwaukee, president of the National Education association; Charles A. Bookwalter, of the Indianapolis National Trade school; John Golden, of the United Textile Workers of America; and Edwin G. Couley, former superintendent of the Chicago public schools.

Sir Ernest Shackleton, in New York, said a piece of geographical ignorance; "It is incredible. It reminded me of a little waiting maid. As she brought me my tea and toast and brought me no morning I sat to her. "What a rainy morning, Mary! I almost hit the Flood." "The Flood, sir?" said the paralytic. "Yes, said I. 'The Flood—No, you know—the Ark—Mount Ararat.' "She shook her head and murmured: 'I don't think I can't have no time to read the papers today, sir.'"

#### ALL RECORDS BROKEN AT LAND OFFICE

497 Homesteads Taken Up, as Compared With 437 in October 1910—  
171 Patents Recommended.

All previous October records at the office of Dominion lands were surpassed in point of activity by the month which came to a close on Monday. Both in the number of homestead entries, and in every other branch of departmental affairs the month was the busiest October that has yet been known.

In all 497 homestead entries were granted, as compared with 437 in October of 1910. 19 South African scrips, as compared with 14 in the corresponding period of last year, 7 half-breed scrips, as compared with 2 last year. One pre-emption was granted, while 171 patents were recommended. Applications for cancellation numbered 135, and some 268 homestead entries were cancelled. The department sent out 6507 letters and received 5021.

In September of this year 512 homestead entries were recorded, and the granting of 200 patents recommended.

#### WEATHER.

Winnipeg, Nov. 2.—Fine and cold weather has continued in the prairie provinces, but temperatures have risen slowly in the western parts.

Forecast.—All west: Fine and a little milder.

#### OBJECT TO DIVISION.

Of Railway Board—Aver That Western Division Would Not Prove Feasible.

(Western Associated Press.)  
Ottawa, Nov. 2.—Some objections are being raised to the proposal which has been made to create a western division of the Dominion railway board with headquarters in Winnipeg and practically independent jurisdiction. It is said that it would be practically impossible to have in Canada two railway boards practically independent of one another and that there must be one supreme authority to deal with all matters affecting the whole Dominion. The suggestion is made that the proper course for the government to pursue would be to appoint one or two western commissioners with power to deal with all matters of purely western interest, leaving the higher national issues to be dealt with by the whole board.

#### GRAND TRUNK EQUIPMENT.

(Western Associated Press.)  
Montreal, Nov. 2.—During the year 1911 the following freight and passenger equipment has been ordered and delivered to the Grand Trunk railway system: 72 first class standard coaches, 72 baggage cars, 1,000 box cars, 1,000 coal cars. The Grand Trunk Pacific have also received during 1911 the following equipment: 22 Pullman cars, 3 dining cars, 10 sleeping cars, 120 box cars, 2 refrigerator cars.

#### \$500,000 IN TAXES.

(Western Associated Press.)  
Montreal, Nov. 2.—Nearly half a million dollars were taken over the counters at the city hall yesterday. The long room was crowded all day with men, women and business boys with cash or cheques. The total receipts were \$172,271, made up of \$11,225 in bank notes and the balance in cheques. The big rush was accounted for by the treasurer it was the last day before which interest is charged on property tax arrears.

#### WANT GUARANTEE FORFEITED.

(Western Associated Press.)  
Montreal, Nov. 2.—Council for the Montreal houseworkmen have called scrip demanding that \$2,000 deposited by the shipping federation as a guarantee of good faith in the agreement following the last strike be forfeited. They claim that the agreement regarding wages has been violated in a number of instances and that the men are compelled to risk their lives in grain holds and many other grievances.

Sadie Mariniel has written a musical comedy called "The King of Washington Belates," in which she will appear herself.

#### COL. HUGHES IN WINNIPEG.

(Western Associated Press.)  
Winnipeg, Nov. 2.—Hon. Sam Hughes arrived here this afternoon and was met by Col. Slede, D.O.C. It is expected that while here, the minister of militia will have a talk with Hon. Robert Rogers regarding the future site of Fort Osborne barracks, it being expected that an agreement can be reached whereby the present site will be surrendered to the provincial government for new legislative buildings.

#### GENERAL MANAGER FOR DUNN & CO. IS DEAD

(Western Associated Press.)  
Toronto, Nov. 2.—William C. Mathews, aged 66, general manager of R. G. Dunn & Co. in Canada, died tonight in the general hospital, after a week's illness. Acute pneumonia following stomach trouble was the cause of death. He was a leading authority on financial questions. He made a number of trips to Western Canada.

#### REBELLION VETERAN DEAD.

(Western Associated Press.)  
Winnipeg, Man., Nov. 2.—Harry Walker, a veteran of the Fenian raid of 1866, of the Wolseley expedition of 1870 and the rebellion of 1885, and an ex-member of the R.N.W.M.P., died today at St. Boniface hospital of heart disease, aged 73. He was well-known among the western pioneers and leaves a wife and family at Regina.

#### TRANSCONTINENTAL TWO-THIRDS COMPLETE.

Report of National Commission Says—12,115 Miles of Steel Have Been Laid.

Ottawa, Nov. 2.—According to reports received by the N.T.R. commission, two-thirds of the construction work on the Winnipeg-Manitoba section of the new Transcontinental line has been completed.

At the end of October, rails had been laid on 1,215 miles out of the 1,815 miles which comprise this part of the line. Construction has not been commenced on the Abbotsford section, owing to the impossibility of getting supplies until the other sections are completed.

#### ATLANTIC CITY GOLF TOURNAMENT.

Atlantic City, N. J., Nov. 2.—With a large number of players present the qualifying round of the annual autumn golf tournament of the Continental Atlantic City was played at the Northfield links today. The tournament will continue until Saturday when the various cups and other prizes will be awarded.

Lillian Abernethy, who married and retired from the stage is to return to it in "The Miracle," a play by Bayard Walker.

#### REGINA'S BUILDING DOUBLE LAST YEAR.

Permits to Date Show Great Activity in Capital of Saskatchewan.

(Western Associated Press.)  
Regina, Sask., Nov. 2.—That the building activity during the present year to date almost doubled that of the corresponding period of last year is revealed in a report submitted by the building inspector. During the present year, permits have been issued for buildings estimated cost of which aggregates \$4,172,720, whereas for the corresponding period of last year the permits were for buildings of an estimated value of \$2,280,575. For the entire year of 1910 the permits were for buildings valued at \$2,351,838, and the civil officials are confident that sum will be doubled before the end of this year.

#### Fire on Jap Steamer.

Shanghai, China, Nov. 2.—A report reached here today that Chinese rebel batteries at Sheng Yang, have fired on a Japanese steamer. The vessel was not hit but it was said, but incident it is feared may cause international complications.

#### Working Together.

Peking, China, Nov. 2.—The government's plans for bringing about peace moved forward rapidly today with the throne and national assembly working together. The throne ordered Yuan Shikai, the new premier to return immediately to Peking and simultaneously the national assembly and it's official capacity telegraphed Gen. Li Yuan-hung, leader of revolutionaries requesting him to suspend hostilities pending the result of an endeavor to settle the differences of all parties.

#### MINISTER REFUTES ALL ELECTION CHARGES.

Hon. Duncan Marshall Denies That He Has Ever Been Guilty of Questionable Tactics.

In conversation with newspapermen this morning Hon. Duncan Marshall, minister of agriculture, repudiated the charges that have been made against him during the course of the election campaign in the south, and declared that never in his political career had he been associated with discreditable election tactics.

"The charges which have been made against me during the recent campaign are absolutely untrue," said Mr. Marshall this morning. He went on to say that he had never been involved in any way in the election case referred to by the men who had preferred the charges, neither in West Elgin, Waterloo, the Soo or elsewhere. He had never been called as a witness in any of the election cases.

#### NEWS OF THE CITY

Chas. R. Taylor former superintendent of the street railway system, came into the city this morning from Toronto. He will spend a few days in the city.

Alex Taylor, clerk of the supreme court, who has been unwell for the past few days, is recovered from his illness. He was able to return to his office this morning.

#### BANK CLEARINGS.

Bank clearings for the week ending today were \$2,423,952. For the corresponding week of last year they were \$1,519,502 and for the week previous to the one just closed they were \$2,465,185.

#### LARGE NUMBER AT IMMIGRATION HALL.

Over 125 Persons, Representing 12 Nations, Registered at Hall During October.

The fact that during the month of October nearly twice as many Americans as people from all other countries combined came to the immigration hall to receive temporary accommodation, would demonstrate that the result of the Dominion election in September has had very little effect on American immigration to this country. Eighty-five Americans came to the hall during the month just closed. The total number of immigrants registering at the hall during the period was 129. The nationality represented by the new largest number of arrivals to the Americans is the Irish race. Ten immigrants from the Emerald Isle placed their names on the immigration hall book during the month of October.

Following is a detailed statement of the immigration of the month. This does not include, however, the large number of newcomers who visit the hall seeking information about conditions in the country.

Nationalities—English 6, Irish 10, Scotch 3, Germans 6, Scandinavians 7, French and Belgians 2, Americans 82, Hungarians 2, Poles 1, Russians 4, Occupations—Farmers 32, Iron workers 11, general laborers 6, machinists 6, clerks and traders 4, school teachers 2, female servants 3, coal miners 2, carpenters 1, engineers 1, photographers 1.

Visa Recs.—Male adults 22, female adults 12, male children 3, female children 5.

From American Points—Male adults 31, female adults 12, male children 3, female children 5.

Women's Christian Temperance Union opened its national convention yesterday in Milwaukee—which is what a British lady would call "a snoring session."

Among the amendments to the constitution of the state of New York to be voted on at the election next week is one providing for an increase in the salary of the governor to \$70,000 a year. The present salary is \$10,000.

William H. Gross is shortly to start his tour in the play "The Senator at Home."

Gerald Griffin is appearing in a comedy act called "The Lady King." Fay Templeton is to star in the management of the Shubert's in a play called "A Man and Three Wives."

Victor L. Morley is shortly to appear under the direction of Harry Lauder in "The Girl I Love."

ADDITIONAL SPORTS ON PAGE 9. The middle of the season, I brought more players," will be in charge. Inherit of the two styles of football will be open to discussion.

# Bender and Meyers Rivals to Longboat

Until the present world's series there were quite a few people on the west of the globe who were of the opinion that an Indian was only worthy enough to serve as a link to connect the twentieth century with the glorious beginning of things in the annals of the history of North America. In Canada, particularly, there was too much "Longboatism," but with the playing of the championship series between the Philadelphia Athletics and the New York Giants, a number have had to change their minds.

**Gender a Wonder.**  
In Bender and Meyers, baseball in general, and the two championship clubs in particular, are possessed of two of the finest specimens in the game today. Both appear to be the gentlemanly players of the highest stamp, able to conduct themselves in a noble manner under the most trying circumstances. In the first encounter for the title, P. C. Bender, of the Athletics, was the coolest man on the diamond, in spite of the fact that he was the object of gaze for 42,000 fans when he made his debut. Bender, a man of calm, but his face broadens only when he finds himself in a hole, when he is kidding some luckless opponent. In the face of adversity, Bender is steady and appears to know the meaning of the word "quit." Although action in the first contest, Bender's mode for hitting the ball ranks with almost any of his teammates, and the next time out he is likely to excel himself. Bender has three more batsmen than the redoubtable Mathewson, and has been able to dispose of it in five games and hit .333 for the one game.

# Players Reserved By Minors for Next Year

Philadelphia, Nov. 2.—Secretary John H. Farrell of the National Association has issued a list of players reserved by National Association clubs, as published below.

Attention is called to the rules which provide that not more than 20 players (exclusive of suspended, ineligible, drafted and purchased players) may be reserved by any club and as such players have been designated this rule their lists must be revised. Another rule that requires clubs to include in their list of players reserved for the next season those players who are drafted by major league clubs and who are not included in the reserve lists.

Some club officials have filed players' names who are considered in the opinion of making identity uncertain. In order that records may be correctly kept, it is advisable that the names of players, correctly spelled, should be filed.

**Western Canada League.**

Calgary—Matt J. Stanley, Dell Manning, Larry Piper, F. J. Varnish, Sam Davidson, J. Flanagan, Doug Vandine, W. J. O'Brien, J. M. Stroh, Pete Staunton, Cecil Thompson.

Toledo—Joe Basse, P. R. Moore, Chas. Schmitz, O. C. Abbott, E. Higgins, J. D. Gordon, Ed. Asher, Otto

# RECORD RIDE ON MOTORCYCLE

London, Nov. 2.—At the Brooklands track, Epsom, J. R. Haswell, an amateur, set up a new record for the distance in 1 hour, 20 minutes, 45 seconds, on a Triumph motorcycle, after record was made on a three-and-a-half-horsepower track and therefore did not enter the class of one-horsepower, the winning rider for a world's record on a one-mile dirt track.

# THE WHITE HOPE

Why all this hoopla about a white man's hope? Why all this frantic fight fever? This digging up the hope? This trying out of pugs and mugs? And then to make a name, to win endeavors to relieve the pugilist game? The problem seems a simple one from any point of view; They want a hope to beat the "saucy" hero, but a man of jet-black skin, with Fiddler's reach and brio, with Kid McCoy's discipline, and old Jimmie's respectability, with old John's punchy heart, and Jack McMillen's fitness, Young Digger's blocking art, and with Gertie's "work," the skill of Tommy Ryan, with Sully Sharkey's rugged frame, the fast work of O'Brien, with Fiddler's durability, the speed of George Dixon, McMillen's old aggressiveness, and Wolcott's style of mauling; Now, have these few qualities, they say to perceive that, with any other tricks he might have up his sleeve, a man like that is bound at least to stand an even show. I wonder anyone could bring that belt back long ago.  
—G. S. APPELGAUTH.

Heckle Jennings will try to train his boys to hunt next spring.

# PAPKE AS BEARCAT OF MIDDLEWEIGHTS

WILL STICK TO THE STRAIGHT AND NARROW AND EXPECTS TO BE AT TOP BY JUNE

..Evidently believing that he has succeeded in living down the odoriferousness of his battle in New York a short time ago, with Sallor Burke, Billy Papke, hero of Rosedale, Ill., is about to embark on another campaign of the rings of the country. This one, he says, is going to be a far-reaching triumph. No longer will he flit with the pleasant companion which doth the ringster nothing but burn. No longer will he trifle with the straight and narrow path of training regimens. He intends to be the entire middleweight division before another June shall have rolled around and have all teams and men more in the thick of a new fight. Though Billy has had many lessons along the way, he admits that this one he got from the Burke person in New York, to say nothing of the more, too general, but in a pinch that he received from the newspaper editors—well, Bill is just going to show 'em, that's all.

**Managed by N's Brother.**

Ed Papke, his mild-mannered brother, is handling all of his business at the present time, the Papke system being to keep it in the family as much as possible. Ed has negotiated for a couple of sparring partners for the genial William. He has taken on John W. the heavyweight and "Fighting Harry" Goetz is likely to join him in a day or so. Papke thinks that he has a niche on in Boston with Bill Moha, the Milwaukee middleweight. This is tabbed up for October 21. Moha hasn't been in the best of shape lately, having contracted a severe cold that hangs on. Frank Klaus was to have been his opponent of the 24th, but Bob passed it by, saying he could not get ready for such a meeting in that length of time.

**Billy May Lose Match.**

So Billy May may be disappointed too, although there is a good chance that the Boston club will be able to get a good substitute for Moha, because of the timely warning it has received. The return of activity of the men from the better towns should serve as a great stimulant to the middleweight division. It probably will draw them back into action, for it looks all along that they will be in the country could be met as much money anywhere. So ought to have some interesting scraps before long.

**West Point defeating Yale two years in succession is quite a record for the Colvars.**

Carlisle scored 193 points in the first six games this season, while its opponents scored ten. Brown and West Point has put the

# REAL ESTATE NEWS

**Northern Investment Agency Ltd.**

We claim we are specialists in Edmonton real estate. We are the largest dealer in the city have been effected by our firm, and we, at all times, are in touch with the market and non-renewable bearing properties that will interest the investor or the speculator. We also handle residential property, but rarely do we recommend our clients to buy outside of the city limits; we invest your money as carefully as if it were our own.

Following are a few buys that we can recommend:

**Lot 226, Block 1, Hudson's Bay River—**This is next to land in rear of Purvis Block, frontage on First Street, 50 ft. and 150 feet deep, the highest piece of property on First. Price, \$17,700.00 per foot front, or . . . \$550.00 per foot front. Balance 1, 2 and 3 lots in 7 per cent. At the above price this property is paying 6 per cent. net to purchaser on the investment. Money paid good for a few days only.

We know that the following lot is one of the best buys on Jasper Avenue, and at a most reasonable price, adding properties.

**Lot 104 and 105 River Lot 8.** This property is east of St. James Avenue on Isabella street and faces the site to be purchased by T. P. for new station grounds. This has a frontage on Isabella of 100 ft. and is 150 ft. deep. Price, on terms . . . \$35,000.

We have two lots in Block 17, inglenow, which is a good buy. These are located one block from our line and surrounded by some very nice houses. Price, \$1,750. Half cash, balance 6, 12, and 18 months at 6 per cent.

## NEWS OF THE CITY

The funeral of the late George Graham will take place tomorrow afternoon at 2 o'clock from Connolly and McKinley's parlors to Edmonton Cemetery.

The marriage was solemnized yesterday afternoon in the Westminster Presbyterian church manse by Rev. G. A. Myers of Miss Ethel Barbour to Robert Murray of the Canadian North-west. Mr. and Mrs. Murray will live at 724 Ottawa avenue.

George Brydges, of the Senate hotel, died last night at the general hospital of typhoid fever. The late Mr. Brydges was an officer of the Order of Daughters and that order will have charge of the funeral. The body is now lying at Connolly and McKinley.

A. Roussau and J. R. Lepanto were driving along First street this morning when the horse shied and bolted, colliding with a wagon. A piece of iron jutting out from the wagon pinned the horse in the shoulder and badly lacerated the flesh and the horse will probably have to be killed. Neither Roussau or Lepanto were injured.

In the police court yesterday afternoon Judge Magistrate Gowan committed for trial Lester D. Berry and Robert Elgar on a charge of having robbed Al. Loveland of \$290. It is probable that they will come up before a judge and jury at the next court session.

On the occasion of his retirement from the position of deputy provincial treasurer, which he has occupied since the inception of the province in 1905, M. J. Macleod was the recipient yesterday afternoon of a handsome dressing case suitably inscribed, the gift of the staff of the treasury department.

For hitting a mine foreman, Joseph McEwen over the head with a baton on the evening of September 29th, Town Constable G. A. Mahaffy of Toledo was fined \$10 and costs by Justice Simmes in the supreme court yesterday afternoon. Mahaffy was charged with assault by McEwen. The dispute arose over a mine when a dispute occurred while a mine was in progress in Toledo.

The Edmonton Presbyterian mission society will hold its fifth annual meeting tomorrow in Knox Presbyterian church, Strathcona. Three sessions will be held in the morning, afternoon and evening. The afternoon session will be open to all ladies and in the evening when addresses will be given from students in the home mission field the general public will be admitted.

The annual home mission Presbyterian for the Edmonton Presbyterian will be held tomorrow in Knox Presbyterian church, Strathcona. Three sessions will be held commencing at 10 a.m., 2 p.m. and 8 p.m. An interesting and instructive program has been prepared and all ladies both in Edmonton and Strathcona who are interested in home missions are invited to be in attendance. Tea will be served by the ladies of Knox church after the afternoon session.

## MORGAN HOME FOR CONFEDERATE MUSEUM

Edmonton, Kan., Nov. 2.—When the historic old home of Gen. John H. Morgan, the famous Confederate cavalry leader, is put up for sale at public auction here on Saturday it is probable that the money by the purchase of the Confederacy to acquire the property and convert it into an historic museum for relics of the Confederacy. The property, which consists of an imposing brick and stone mansion with stables, grounds, occupies a conspicuous site in the downtown section, and has long been one of the show places of the city. This place is to be sold to settle the estate of Mrs. Katherine G. Reid, a relative of General Morgan, who owned the property for many years.

## ONLY 35 TENANTS REGISTERED TO DATE

SMALL NUMBER ENROLLED DUE TO FACT THAT POLL TAX IS COLLECTED

Under the provisions of the clause of the charter introduced at the last session of the legislature, providing for the tenants franchise in Edmonton, only thirty-five names have been enrolled on the voters list to date. The reason for this remarkable paucity in numbers of new voters, is doubtless to be found in the fact that Assessor McMillan and Voter Tax Collector McMillan, are working hard in hand, the assessor handing the names of all known voters to Mr. McMillan, who comes upon the newly enfranchised with a demand for payment of the \$3 tax. Last year the poll tax was allowed to lapse. Since the passage of the tenants franchise amendment, the assessor has discovered that the collection of the poll tax is obligatory, but the manner in which the tax is being collected has caused the assessor to suspend it. It is only used in the hands of city officers hostile to the tenant vote. To learn more about the poll tax, it is admitted that the collection of the poll tax is a real costly affair and when the expiry date of collection is paid, there is a small balance left to turn to the city treasury. This has been recognized by the council in the past, and it is this argument which has caused the assessor to suspend the franchise amendment. It is not, however, that the poll tax is abolished. Apparently no great efforts are being made to collect it if it is not, except from newly enfranchised tenants.

Assessor McMillan announces that the list of tenant voters will be published about the fifth of this month. From days will then be allowed for those who have the right to vote, but whose names are not included on the list, to make application.

All told, the persons entitled to vote in the city of Edmonton this year number considerably over 3,000. This is the number enrolled to date, but it will be considerably increased by late voters. Last year the total number of Edmonton municipal voters was 6,312.

## EASTERNERS ARE NOW WATCHING EDMONTON

Are Confident That This City Will Be Chief Commercial City of the West, Says A. Livingstone

That the people of the provinces to the east of Alberta are looking at Edmonton with a satisfied confidence that this city is to be the chief commercial center of the west, is the information brought from Montreal and Toronto and other points by Alexander Livingstone, proprietor of the Canadian, Mr. Livingstone has just returned from an extended trip to eastern points, going as far south as Chicago.

The object of his trip was to inspect modern department stores in these cities, for the purpose of using the ideas in the construction of the hotel block he is to erect on Nanaimo avenue, where his business has outgrown its present quarters.

Mr. Livingstone visited practically all the big houses of retail construction and gathered ideas which promise to make his new store up to the last minute in modern arrangement and equipment.

Mr. Livingstone stated to a Capital man yesterday afternoon that it is a source of satisfaction to an Edmonton man to note the confidence eastern people hold in Edmonton's assured future.

A year ago such was not nearly so pronounced. Mr. Livingstone's, in regard to the census the eastern people were disappointed in the enormous figures handed out to Edmonton and were disappointed in the return from Calgary.

While away, Mr. Livingstone met representatives of the biggest manufacturers and wholesalers of both countries and gave some attention to stock for the Nanaimo store.

The Temperance and Moral Reform association will hold a meeting this evening in the Y.M.C.A. parlors.

### COURT HOUSE IS NEARLY COMPLETED

PRACTICALLY ALL THE EXTERIOR WORK IS NOW FINISHED BY CONTRACTORS.

The end of October saw the completion of the main portion of the new court house by the contractors, Munson and Dunlop, the exterior walls and roof and the interior partitions and doors being completed by the contractors and window shades hung, and nothing remains now to be done except such work as can conveniently be carried on in the interior during the winter months. W. B. Pouchon, who secured the contract for the plastering of the building, has a crew of men at work in the building, and the installation of plumbing and heating plant is being carried out by McKnight and Frost.

### SUSPEND WORK ON STOCK PAVILION

CONTRACTORS FORCED TO STOP CONSTRUCTION DUE TO LACK OF DRAINAGE SYSTEM.

Due to the lack of drainage facilities at the exhibition grounds, Munson and Dunlop, contractors for the \$125,000 stock pavilion which is to be erected in line for the Dominion fair in the fall of next year, have been compelled to suspend operations for the season. The site of the pavilion has been cleared of the ground in the spring, and will be unable to proceed with the construction until the frost is out of the ground. The site of the pavilion has been cleared of the ground in the spring, and will be unable to proceed with the construction until the frost is out of the ground.

### STORY OF GEORGE FOX, THE FETTERED WIDOW

The widow of George Fox, the famous shipbuilder, found that her home in Brooklyn, she had formerly been a well known actress. Blanche Walsh is going into vaudeville this season with a playlet entitled "The Thunder God," in which she will appear as an Indian queen. A new musical comedy, entitled "The Girl on Board Ship," is to be produced by the "Theatricals" in which she will appear as an Indian queen. The Shuberts are soon to produce "The Wedding Trip," a musical comedy, the book by M. de Greville and Harry B. Smith and the music by Reginald the Koven. When Elsie Ferguson goes on tour in Rochester, N. Y., next Monday, in Charles Nirdlinger's new play, it will be called "The First Lady in the Land" instead of "Bully Malison." Francis Wilson, the comedian, has written a new play and will appear himself in New York, it is said, next Christmas time.
